ABOUT ME

Proficient in MS Office, data entry, content writing, and picture editing, with front-end (HTML, CSS, JavaScript, React) and basic backend (PHP, MySQL) expertise. Possess foundational knowledge in programming (C++, Python, Java, C#), alongside effective communication skills and a commitment to social responsibility. Experienced in teaching and volunteering, with a passion for photography, creativity in content creation, and a drive for personal and professional growth. Eager learner, dedicated to continual improvement and embracing new challenges.
